Application No.: 10/777,797
Office Action Dated: January 25, 2008

PATENT

Amendments to the Specification:

Please replace existing paragraphs [0037] and [0038] with the following replacement paragraph:

[0037] With respect to some terminology utilized variously herein, a command buffer is a {0038} buffers built by the user mode driver and is regular pageable memory allocated in the context of the rendering application.
